

**SOUTH ORANGE COUNTY COMMUNITY COLLEGE
GOVERNING BOARD MEMBER
TRUSTEE AREA 3**

WILLIAM (BILL) JAY

AGE: 68

OCCUPATION: Trustee, South Orange County Community
College District

As a former college president and mathematics professor, I know quality education requires two ingredients: outstanding teachers and motivated students. South Orange County Community Colleges—Saddleback and Irvine Valley—possess both.

Like you, I make up my mind based on facts; the facts speak for the quality education our colleges give students.

Fact 1: Our academic undergraduate courses are accredited by every college and university nationwide.

Fact 2: Our colleges are among the five highest statewide in transferring students to California universities.

Fact 3: Our colleges offer award-winning vocational education and lifelong learning programs.

As Governor Schwarzenegger has wisely emphasized, we must protect quality education even in the face of cutbacks. Indeed, quality education will be my top priority. I pledge to:

Make sure our precious tax dollars enhance classroom education;

Support teachers who motivate students to reach their highest potential;

Work with businesses on cost-effective programs that meet local employment needs and address my values as a fiscal conservative.

My forty-one years as an educator have taught me this: If its not broken, don't fix it. Just make it better! I want our colleges to continue providing quality education. Please vote for me as your trustee.
